Toyota Hi Ace  
EHF 23U  
1.85m clearance

I love making movies and have been working on commercial video projects since 2013 in Europe, the US and Australia.

I have operated QTAKE on big budget projects and used my own integrated streaming, replay, edit and composit service on low budget ads.

I have over 1 ton of broadcast calibrated monitors networking, cellular, video and rigging equipment and a variety of carts and platforms to link directors and agencies to their clients, on fast paced, remote and complex shoots.

BA, University of Sydney 2009  
MFA, University of Iowa 2013  
Directing Motion NYC, Vincent Laforet, 2014  
Running Shows NYC Ent. Masterclass, 2015

Heavy Rigid Vehicle License  
Yellow Card, Forklift & EWP 11m+  
AWS Certified Solutions Architect

English | Russian | German | JavaScript

Besides the usual services offered by the top Sydney VTR techs, I offer:

SmallHD Monitors, Teradek 4K transmitters  
fully battery powered operation.

Simple, fixed cost package pricing

Bespoke low cost solutions  
half the price of QTAKE
